SOFTWARE SUPPORT, BASIC TRAINING AND GUIDANCE PLAN

TECHNICAL GUIDANCE AND SUPPORT

This is a unique support plan which not only provides unlimited telephone support and help in troubleshooting and solving technical problems with computer hardware and software purchased from **any vendor**, but also provides knowledge and guidance for the user to learn how to avoid future problems.

CLIENTS WITH DISABILITIES NEED MORE THAN EXTENDED WARRANTY

MANUFACTURER'S AND EXTENDED WARRANTIES:

- Cover Defective Parts and Hardware Failures Only!!
- They do not cover software installation, virus removal, or lack of knowledge
- They do not guide the client on how to avoid future problems

This is why we created this unique training and guidance support program which supplements the benefits of your Manufacturer's and Extended Warranties

US COMPUTERS, INC., OFFERS, A ONE-OF-A-KIND SERVICE THE MOST NEEDED TECHNICAL SUPPORT, BASIC TRAINING AND GUIDANCE PLAN YOU HAVE BEEN LOOKING FOR NEVER OFFERED BY ANY ONE BEFORE

- Access to expert technicians and trainers via telephone, Internet, or remote login to resolve problems on any Desktop and Laptop; make or model
- Support and Basic Training and Guidance on 100s of software at one-flat rate*
- Virus removal, Diagnostic, troubleshooting, prevention, correction and errors, diagnosis, installation of most software and hardware.
- Basic Computer Literacy, Guidance, troubleshooting and training on fixing basic security problems and protections against threats and how to prevent problems
- Internet connections issues, optimization, reconfiguration or computer, conflict removals
